HOME NURSING CLASS TUESDAY

Red Cross Work Organized, and Enrollment Shows Decided Interest in Sonoma City.

Sonoma is going to reap direct benefit from the generous support given the Red Cross, for besides the great and noble feeling which the help in the great work of the Red Cross has inspired, there is to be extended to the community the services of the Red Cross nurse from Santa Rosa Chapter, and she starts her classes in home nursing in Sonoma next Tuesday.

At a preliminary gathering of the ladies interested in the cause on Tuesday of this week, the classes were organized, and the home of Mrs. C. E. Johnson could scarcely accommodate those who came to enroll. Miss Sacy, the Red Cross instructing nurse, and Miss Clara King of Santa Rosa Chapter, were present, and announced that from the apparent interest of Sonoma women in the work, two classes would be necessary as instruction is limited to about twenty at a time.

Mrs. Johnson, who is the head of the Home Service Department of the local Red Cross, has secured a room near the offices of Dr. Hays, in the Bulotti building, where the classes will meet, one at two o'clock and the other at 3:30 p. m. The providing of the room and its equipment is expected of the local branch, and all arrangements have been made by Sonoma's active workers. Funds were provided through the budget at the last meeting, when the present plan was decided upon.

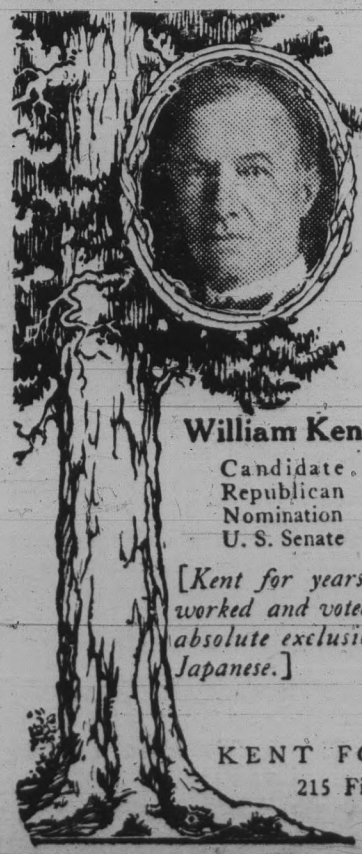

Besides the Home Nursing course, which will give an excellent and practical idea of the care of the sick at home, there will be a baby clinic once a month on the morning of the day the nursing classes meet. Miss Sacy will also give the local doctors any help possible. Where a home is in need of instruction in sanitation or care of the sick, the Red Cross nurse will go and advise the one in charge of a patient just how to proceed, or give whatever aid is necessary.

The home service work of the Red Cross in other communities has been highly successful and Sonoma is fortunate in being able to take advantage of it also.

At the completion of the Home Nursing course, members of the class can take a regular examination, and if they pass with the required percentage, may be rated as nurse's aid and are eligible for appointment in times of emergency, like war or disaster.

The following ladies have enrolled as student nurses: Mrs. Maud Studley, Mrs. Janet Maffei, Mrs. L. H. Green, Miss Norma Hansen, Mrs. Eugene Niet, Mrs. Gabriel Heggie, Miss Anna Bolin, Mrs. Edith McAllister, Mrs. Clara Monahan, Mrs. Susie Bachelor, Mrs. Lena Groskopf, Mrs. Leonora Poehetti, Mrs. Annie Dal Porto, Miss Angelina Mazza, Mrs. Louise Poulson, Miss Alene Poulson, Mrs. May Norrbom, Mrs. Alma Dow, Miss Annie Pemberton, Mrs. Ida Hotz, Mrs. Harriet Cleve, Miss Agnes Arnot, Mrs. Edna Cooper, Miss Inez Reed, Mrs. Zoe Bates, Mrs. May Lewis, Mrs. Bertha Cornelius, Mrs. Perle Hunter, Mrs. Clara Johnson.

Harry Shaw came up from his home in Corcoran last Sunday to visit his mother, Mrs. Mary Shaw.

There was a splendid collation, and much jollity around the banquet board. Dancing concluded this fine night in local fraternal circles.

On Wednesday of last week, Mrs. Ring of the Arrowhead Ranch entertained the "Flying Needles" and a few outside guests at a delightful afternoon gathering. ATTY.-GENERAL UPHOLDS HOYLE

County Engineer's Specifications Not as Legally Required—Day Labor Plan Invalid Also.

District Attorney Hoyle has been upheld by Attorney-General U. S. Webb in many important contentions in regard to the Sonoma county highway procedure. The Attorney-General's opinion was received in Santa Rosa Thursday.

Attorney-General Webb holds that the board of supervisors acted illegally in letting out road work by day labor, in that they had not acquired jurisdiction through failure of the county engineer to prepare specifications according to requirements. It is further held that no money can be recovered from the county by any of the men for material or labor furnished the county on the work so far done by and for the county. The district attorney is instructed that if payments have been made on the work so far done, it is his duty to bring proceedings to collect the money and return the same to the county treasury.

The closing paragraphs of the opinion of Attorney-General Webb contain the summing up of the opinion, and are as follows:

"In view of what has been previously said herein, it would appear that the power of the board of supervisors to order the work done by day labor accrues to it only after the county engineer and the board of supervisors have proceeded as authorized by sections 4041, 2643 and the county engineer act.

"The failure of the county engineer to prepare cross sections, estimates of amount of work and cost thereof, as required by subdivision 11 of section 2643, in my opinion, under the authority of that case, prevented the board of supervisors from acquiring jurisdiction to order the work done by day labor."

\$30 A TON FOR GRAPES IS REPORTED OFFERED

Price and Silverfield of Santa Rosa are reported to offer to contract for the 1920 crop of grapes at the price of \$30 a ton at the point of delivery. On this contract \$1 a ton will be paid down at the time of signing the contract, and \$4 in thirty days. The firm will also agree to furnish lug boxes made at the point of delivery for the handling of the grapes, and the acceptance is at the point of delivery for the grower. The firm expects to sign up a large quantity of the acreage of Sonoma county on this basis.

A press dispatch from Napa under date of January 24th says: Prohibition may be here, but prospects were never brighter for the wine grape growers of the Napa Valley. Merriam and Cairns, the wine grape buyers of St. Helena, were in town today. They are seeking to contract for grapes for the next four years, and at the very attractive price of \$30 per ton. Mr. Cairns, in an interview with a reporter today, said:

"We are in the market right now for wine grapes. We want up to as much as ten thousand tons per year for the next four years, and we will pay \$30 per ton cash for them delivered to shipping point. We are associated with a big Pittsburg firm, Samsen Fruit Company, and if we can get enough grapes contracted for to warrant the expenditure, this concern will invest \$100,000 in the Napa Valley building driers and erecting evaporators for the making of grape juice and grape syrup. We believe this is the biggest and best offer ever made to a Napa vineyardist, and it is more especially so in view of the present 'ruinous' prohibition times. We are after these grape contracts right now. We want to know as soon as possible how many we can sign up, in order that our Eastern connections may arrange to properly handle the grapes."

ALLEGED ASSAULTER OF SCHIECK FREE ON BAIL

George Buzzini has been freed on a bail bond of \$50,000 furnished by two of his brothers, and Dr. Summerfield and L. H. Stark. Buzzini, who faces a charge of assault with a deadly weapon, with intent to commit murder, for his alleged shooting of David Schieck about three weeks ago, was arraigned in the Superior Court Monday, later returning to the Buzzini ranch in Bennett Valley.

J. R. TEN BOSCH PASSES AWAY

Former Sonoma Boy Who Attained Great Success in Printing Business Dies Suddenly in Alameda.

John Roderick ten Bosch, head of a prominent printing firm of San Francisco and an old Sonoma boy, passed away at his home in Alameda last Saturday. He left a wife and two little sons to mourn his passing. Deceased was 42 years of age and a native of England. His family were Hollanders.

"Rody" ten Bosch spent his boyhood at Locust Grove, and was raised by the late Mrs. A. B. Labock. He was always a bright student, and at an early age manifested a decided interest in the printing business.

While still a schoolboy he was the founder of the Sonoma News, which afterward became the Expositor, and the paper's varied career, from the time the chicken raiser editor, Mr. Chesmore, took it until it was leased to J. K. Bigelow, keenly interested its founder.

After attending high school in Sonoma, ten Bosch went to San Francisco, and subsequently married a wealthy young woman of a pioneer Alameda family. He became interested in the printing concern which bears his name, and through high-class work and high business principles, succeeded in making it one of the leading printing establishments of San Francisco. Mr. ten Bosch employed about a dozen mechanics and designers, and he personally supervised every department of his business. He resided in Alameda, and at his beautiful home he passed away after a short illness.

Sonoma friends will read with much regret of the passing of Rody ten Bosch, who attained success in the true sense of the word while still a young man, and was respected and beloved by a large circle of business acquaintances and employees. A brother, Adrian, survives him, besides the widow and children.

SPECIAL OFFERING AT DON THEATER

John Mohr, proprietor of the Don Theater, intends to give special offerings at the popular film house about twice a month, and if the patronage justifies, he promises Sonoma such fine treats as the Miracle Man and other big percentage pictures.

On Thursday night next, instead of the Wednesday bill being repeated, the Don Theater will show a great special seven-reel picture, "Virtuous Men," and theatre-goers will be well repaid, says the management, for attending this performance.

ST. BARBARA'S GUILD

A meeting of St. Barbara's Guild was held on Wednesday at the G. H. Hotz home. It was decided that regular meetings be held on the first Tuesday of every month at the residence of the G. H. Hotz.

In order that there may be some money on hand for necessary expenses, ten cents will be collected from each lady present.

All church women and others in the valley who are interested, are cordially invited to attend these meetings.

The following officers were elected: Chairman, Mrs. G. H. Hotz; Secretary, Mrs. Ralph Hotz; Treasurer, Mrs. William Cleve.

MORE POISON GAS FROM THE "EXPLODER"

Sonoma's arch "booster" who loves his community so well that he is always hammering its praises and advertising outside merchants so that other communities may prosper, takes the following late fling at this section:

Nobody seems to want Sonoma Valley with its famous "Barbary Coast" resorts. It is to be a sort of "no man's land," rejected by the new county of "San Antonio" on the one side and accused by Napa county on the other with harboring "vicious resorts."

NATIVE DAUGHTERS GO TO SAUSALITO

Mrs. Olga Campbell installed the new officers of Sea Point Parlor, Sausalito, last Monday night, and a number of Native Daughters accompanied her to Marin county and spent a delightful evening. Those who went down were: Gladys Simmons, Florence Adler, Nellie Peterson, Myrtle Steurmer and Olga Campbell.

SONOMA HAS LIVE FARM CENTER

Reorganizes Last Friday Night—Morris Levy Heads Organization. Peters Talks on Highway.

The Sonoma Farm Center reorganized here last Friday night, and there seems to be renewed interest in the movement, particularly after the good talk of Farm Adviser George Merrill, who was here to point out the great benefits which a farm center makes possible in a community. Morris Levy heads the new organization. Prof. Stenquist of the High School is secretary. Others present at the reorganization were L. Klapperich, F. C. Heggie, F. J. Knolle, C. Schneider, J. D. Halsted, J. E. Oberg, R. A. Dow, Henry Watters, Ruth Maxwell, P. Bosch, T. E. Callahan, Mrs. A. J. Gigerich, A. Kerner, George Cassidy, F. Helberg, F. Joost, H. Cooper, H. Beers, R. J. Cameron, F. Case and F. Blackman.

J. L. Peters of the Tax-Payers' Association spoke on the county highway tangle, and attributed serious delay to District Attorney Hoyle's stand in the matter. The following resolutions on the resignation of Colonel Harris Weinstock as State Market Director were adopted:

Whereas, We learn that owing to failing health, Colonel Harris Weinstock, State Market Director, has been compelled to resign his office; and

Whereas, We realize the loss to the agricultural and productive interests of our state which the resignation of this capable official will entail; therefore, be it

Resolved, That we, the Sonoma Farm Center, deeply deplore the necessity for the retirement from this important position by Colonel Weinstock, a position in which he has demonstrated his interest in and his determination to bring every producer in the State of California, as far as possible, a reasonable reward for his labor; and be it further

Resolved, That Colonel Weinstock has our heartfelt sympathy in his illness, and our sincere wishes for his speedy recovery.

Resolved, That a copy of these resolutions be spread upon the minutes of the Sonoma Farm Center, and that a copy be sent to Colonel Harris Weinstock.

Committee: Henry Watters, R. A. Dow, Fred Heggie, L. L. Stenquist.

Ewing, a live-wire Healdsburg attorney and owner of Fiel Mountain Tavern on Russian River and Oscar Tellefson, constable of that district, passed through Sonoma Friday returning from a duck hunting expedition to the rice fields of Sacramento Valley. Mr. Ewing stopped at the Index office long enough to leave two fine birds as evidence of the good luck they had. "We got the limit," said Mr. Ewing.

FRANK BURRIS ORDERS AIRPLANE

The ladies visited some of Sonoma's historic places in company with Mrs. Ralph Hotz, and enjoyed their stay of several hours in this city.

SONOMA CITY HIRES SURVEYOR

City Trustees Order Estimate to be Made as Preliminary to Bond Election for Better Streets

At a special meeting of the City Trustees Thursday night, at which every member of the board was present, a resolution providing \$200 to retain County Surveyor Press Smith to make surveys and an estimate of the cost of the new paved streets was unanimously adopted. This procedure was taken on the advice of County Engineer Aldrich, who has prepared plans and specifications for the new asphalt concrete thoroughfares which the voters of Sonoma will be given an opportunity to authorize at a bond election to be called as soon as the necessary amount of money for the proposed improvement is determined.

County Surveyor Smith has already been communicated with, and as soon as he makes his estimate, Attorney T. A. Poppe will take the preliminary steps to the calling of the election. It is proposed to pave a sixteen-foot strip from the city limits through town to the business section, where the streets will be macadamized from curb to curb. After the contract is let, the county engineer will recommend a supervising engineer and two inspectors to see that all specifications are fulfilled.

Besides this action on permanent street plans, the City Trustees let a contract to L. Brisky for 100 yards of gravel for the fixing of Broadway. Brisky's bid, \$1.47, was the lowest offered.

The Street Committee was authorized to obtain a scarifier and scraper to make immediate improvements on the streets wherever necessary.

TRAPPING GOOD—AT KENWOOD

Prindle collected for nine pelts Monday. Since December 1st he has bagged twenty-three wildcats in the vicinity of Kenwood, besides other fur-bearing animals, and he has become known as an expert trapper.

A banquet followed the ceremonies. The lights had been prettily decorated with rose-colored shades, and ferns were used as the decorative feature of the banquet hall. Committeeman Burnmeister was assisted in the arrangements by his wife, and a fine repast was served to the officers and lodge members. The menu consisted of creamed chicken patties, olives, hot rolls, coffee, maple ice cream sundae, and cakes.

M. G. TRIBUNO HERE

On Monday morning the Times-Journal enjoyed a delightful call from M. G. Tribuno of New York, of the celebrated firm of Tribuno and Gerrish.

Interest in the grape industry, that now presents many problems, brings Mr. Tribuno to the coast. He is a man of world-wide experience and observation, whom it is a delight to meet, an honor to know, and a pleasure to remember. — Ukiah Times-Journal.

ON DIVIDING THE COUNTY

We were inclined to look upon the county division talk, with amusement until confronted with the seriousness of the intent and the manner in which Petaluma is already marshaling its forces for the great split. Both Sonoma and Marin counties will naturally fight the plan of politicians to set up their own little government for self-aggrandizement. To the discredit of Healdsburg, one of the banner sections of Sonoma county, one of the newspapers there, the Enterprise, comes out and makes bold to say that it would form another division for that section, to be known as Sotoyome county, and then follows with a tirade against the selfish spirit of Santa Rosa, to which is attributed much of the present dissatisfaction. It seems to us that Healdsburg has little to do to sow any seeds of dissension and encourage the spirit of disloyalty to our splendid county by sentiment which, if facetious, is none the less dangerous at the present hour, when cocksure Petaluma is strutting forth to conquer new fields and welcomes any sentiment of encouragement. Healdsburg has no kick coming, for some of the best county offices in keeping of the voters of Sonoma county have been conferred upon residents of that section. Sheriff James Petray carried off the honors at the last election, and preceding that victory, was one for a county Superintendent of Schools from Healdsburg. In addition, there are several chief deputies from Healdsburg in various offices of the court house today. The Enterprise complains of lack of patronage distributed to Healdsburg, but we feel quite sure the Sotoyome section has had far more than the southern end of Sonoma county, but just for that we would feel petty indeed to encourage in any respect the secessionists' program for tearing asunder this majestic county of ours, with its towering giants on a rugged coast and the rolling foothills of productive orchards, "where smiling spring its earliest visit paid, and parting summer lingering blooms delayed."

We believe that the taxpayers will fight shy of an innovation like county division when it comes to a show-down, and that they will realize that the solution of high cost in governmental or other matters is to consolidate rather than to double expense and have two administrative machines functioning in place of one.

The outcome of all this high-handed attempt to disintegrate us is not hard to conjecture, but it behooves Sonoma, and Marin, too, to stand as a unit against the exotic effort of a minority to undermine two great counties.

WE HAVE frequently pointed out the advantage which would accrue to Sonoma if we had a motorists' camping ground or park. Our neighboring city of Ukiah has been doing fine work in this respect, as the following from the Times-Journal of that place goes to show:

If there is any spot near Ukiah that can be considered as hallowed by memory and association, it is Todd's Grove, now the property of the city, and known as the Municipal Park. It is paid for, and is our very own. There public and patriotic gatherings may assemble in the very heart of nature and rural surroundings, and yet enjoy all the comforts and conveniences of urban civilization.

The idea of acquiring this property as an asset of the city originated with ex-Mayor H. B. Smith, and he has worked unceasingly and unselfishly to that end, having first purchased the entire property himself in order to secure to the town the twelve acres devoted to park purposes.

Two and one-half acres have been enclosed, and are to be increased to three and one-half by a change in one line of fence, in order to take in another acre, and within this enclosure will be found a convenient and beautiful resting place for the stranger within our gates, who, through all the season for auto travel and recreation, will flock here from every part of the state. A concrete platform, 16x20, has been laid, as a wash rack for automobiles. A perfect water system has been installed, with patent lavatories, and a building with dressing room, a double wash room and shower bath equipped with perfect drainage, and enamelled bowls and nickel fittings, sanitary and complete in every way.

Charles Crawford contributed \$100 some time ago for improvement purposes, to be used as Commissioner Smith would suggest and direct, and a cistern 4x4, five feet deep, has been placed under the drinking fountain to hold a pipe coil, where a ton of ice can be dumped to surround the base of the fountain, so that upon the occasion of great gatherings, ice water can be furnished to all.

Jamison Bros. of the White House have contributed another \$100 for the purpose of placing a canopy over the drinking fountain.

Louis Hoffman, of the Hoffman Company, has given \$100 for a writing desk, to be equipped with stationery for the use of summer guests at the park, and to hold the register for the names of those who tarry awhile in this delightful retreat.

The money for the platform for washing automobiles, \$250, was donated by Leslie Crawford.

Mrs. Louise Atkins of San Francisco has given \$100 toward the improvement of the park.

With an efficient commissioner, and the generous support of the city and public-spirited citizens, Ukiah's municipal park is sure to become one of the noted beauty spots of California.

SANTA ROSA is planning a Bear Flag pageant, based on the fact that an imitation of the historic flag that was raised in Sonoma's plaza has been found in the vault of one of the banks of that city. There is about as much real merit in this undertaking on the part of Santa Rosa, from a historic viewpoint, as there would be should that city throw up a mound of earth and advertise a celebration of the Battle of Bunker Hill. Why not cut out the bunk, neighbor, and incorporate with your imitation Bear Flag a pilgrimage to the scene of the historic incident, Sonoma's City Plaza to General Vallejo's home, the Mission San Francisco de Solano, and the other landmarks of those early days? In so doing you would present to your visitors something alive with historic interest, something really worth while, and free from the savor of deceit or sideshow tactics. In this way the county seat would show a broader spirit toward the great county of Sonoma as a whole, and the City of Sonoma would heartily co-operate in the undertaking.

NANCY ASTOR of the English House of Parliament says she hates the word "prohibition," and does not believe it practicable. She is proud to admit that if she is prohibited anything, that it just makes her keen to get it. We are glad to observe that this woman, revered and beloved and admired by an immense constituency, and influential enough to break all precedents and get into the House of Parliament, has the courage of her convictions.

IF POLITICS should be responsible for the railroads remaining under governmental control for another five years, this Congress will sure go down in history and keep going down until it reaches the place where most people would like to see it go, for all the bonehead legislation it has been wrangling over and bungling. The railroads should go back to the owners, who know at least how to give service, if they do charge for it.

"IT BECAME known today" (January 27th) says the Santa Rosa Republican, "that the Bear Flag found in Santa Rosa is not the original." This is supposed to be news, and yet the Index-Tribune published this information on December 29th in a front-page story headed "Not Original Bear Flag," and we verified the statement. It is pretty well conceded that Sonoma has a newspaper in the true sense.

A PLUTOCRAT these days is the man with a cellar.

A TEXAS STEER

Have you heard that San Antonio is to be the name of the new county for Petaluma town of fame? "San Antonio" sounds like Texas, and it doesn't take a seer

OF ALL the presidential timber, Wood seems to be the most appropriate.

NOW THAT EGGS are going down, life should take on the aspect of the "sunny side up."

IT'S MUCH NICER to be a tax-eater than a tax-payer, and yet the poor taxpayer swallows everything.

"SOCIALISTS Going It Blind," says a newspaper heading. Well, maybe, but they are not fooled any worse than a lot of us who pride ourselves on having our eyes wide open.

IT SEEMS that our highway builders want what they call a "revolving fund." We are not clear on the meaning, but we do know that the tax-payers' heads will go round and round, if the bills are high enough.

OAKLAND MOTORIST GETS DAMAGES IN LOCAL COURT

C. F. Thompson, an Oakland furniture salesman, and plaintiff in a suit to recover damages from Ernest Helms and Samuel Grant as a result of an automobile accident at Schellville last August, was given judgment here Tuesday. Thompson recovered damages in the amount of \$150, after it had been shown to the satisfaction of Judge Small that defendants were guilty of reckless driving and had run into plaintiff's Buick, which was badly damaged.

Testimony went to show that Helms and Grant, who are employees of the Navy Yard at Mare Island, were driving a Ford car at a speed of about thirty miles an hour, and as Thompson saw them coming and noted the gyrations of the recklessly-driven machine, he purposely drove to one side of the road to avoid it. Defendants, however, crashed into the Oakland man's automobile, breaking an axle, the radiator, windshield, ripping a tire, and inflicting other damages that took eighteen hours of work on the car to repair. Thompson had four good witnesses, and despite the legal talent of Attorney Duffy of Napa for the defense, they could not be shaken in their stories of the accident.

Attorney R. A. MacDonald for the plaintiff had little difficulty in convincing the court of the right of his client to claim damages as prayed for.

It is reported that Ole Johnson will erect a store and post office on his property at Fetters Springs, and Miss Johnson is a candidate for postmistress.

HIGH SCHOOL NOTES

On Friday, January 23d, Sonoma's unlimited and 130-pound teams, accompanied by a large delegation of basket ball fans, journeyed to Petaluma and met the boys of the chicken town High in a double-header.

Promptly at eight o'clock the two 130-pound teams romped onto the court, and the ball was tossed. For some unaccountable reason our boys had lost their pep. Palmer and Franquelin were on the sick list before the game started, and had to be taken out at the end of the first quarter. Hyde and Rabinowitz took their places.

Both teams played a poor game up to the last quarter, when Sonoma seemingly came out of her trance and gave her opponents a fast ten minutes, almost tying the score. The game ended in a final score of 24 to 1 in Petaluma's favor.

After a short intermission, the unlimited took their places, and the ball was tossed for the second game of the evening. It was very exciting from start to finish, both teams playing an excellent game. Neither one took much of a lead until the last quarter, when Sonoma, by some fast team work, ran her score up so rapidly that Petaluma was unable to catch up. The final score was 35 to 24 in Sonoma's favor.

Librarian Kate McDonnell spent Sunday and Monday as the guest of her brother, J. P. McDonnell, in Sebastopol.

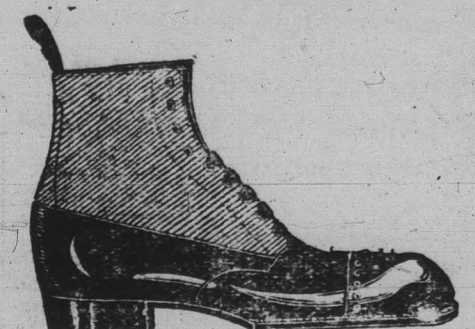

P. Meinhardt is planning on a grand spring opening of his popular amusement gardens at Fetters.

This man has studied foot anatomy and knows all about feet. Drop in and let him demonstrate to you that you can, once again, enjoy comfortable, easy, efficient feet.

The illustration at the left is Dr. Scholl's Anterior Metatarsal Arch Support, which relieves and corrects those troubles so frequently found in the ball of the foot. PROUD RECORD OF GLEN ELLEN WOMAN'S CLUB

Glen Ellen Woman's Improvement Club held its annual election of officers on January 9th. Mrs. Harry Weise was unanimously elected president for the coming year; vice-president, Mrs. George O'Donnell; secretary, Mrs. Eliza Shepard, and treasurer, Mrs. Charles Poppe, were all unanimously re-elected.

Mrs. Shepard, the efficient secretary, read a most interesting and gratifying report on the club's activities during the past year, which were as follows:

On January 24th a memorial meeting was held in honor of the late Jack London, whose birthday occurred January 12th.

In March the Committee on Child Welfare did excellent work, reporting twenty-one mothers visited and twenty children taken to the doctors at Sonoma and Santa Rosa for examination, without expense to the parents or the club.

In April, during the Salvation Army drive, fifty dollars was collected and sent to the committee at Santa Rosa.

In May a dance was given, at which a fund was raised to purchase a diamond-studded testimonial, which was presented to our returned hero, Milton Sobbe. Presentation was made by the club's president, Olga Gordenker.

In July a handsome Gladstone bag was presented to Glen Ellen's beloved school teacher, Harriet Brand, on her departure for Honolulu.

During August a street carnival was held at the home of Mrs. George O'Donnell, which, including donations received at that time, netted the memorial fund \$800.

In September the club voted to accept lot 3, donated by Dr. and Mrs. George O'Donnell, for a site upon which to erect the Jack London Memorial Library.

October 3d and 4th a committee from this club assisted the Sonoma club in taking charge of the country store booth, netting the Sonoma club \$276.

October 25th a masquerade ball was given, which netted the Memorial Fund \$171.

In November a committee worked in the Red Cross drive, and many dollars were collected and sent to the headquarters.

On New Year's Eve a whist party and dance was held, which netted the Memorial Fund \$100.

Not so bad for little Glen Ellen, which cannot yet boast of six hundred thousand population, and the total membership of this club exactly thirty-eight. Hats off to the hustling ladies!

However, what is more to the point, the Glen Ellen Woman's Improvement Club will hold the next Jack London Memorial meeting on February 13th, at which time plans for the building of the library will be discussed. Also, time when to begin acceue from this form of advertising, and many other items of vital interest in this matter. To this great genius who did so much to make Sonoma county's sunny slopes and valleys famous all over the world.

Mrs. George O'Donnell is chairman of the standing committee engaged in collecting money for the library fund.

Through the kindly co-operation of Mr. Frolich, a noted sculptor and friend of the late Mr. London, this committee has received a number of valuable oil paintings, works of famous artists from all over the country, and donated by them for this

purpose. These pictures will be raffled, and thus the general public will be provided with a pleasant way of helping along this worthy undertaking, and a chance to acquire a great work of art.

The fund, as it now stands, is well over \$2000 in cash, with a splendid building site, the gift of Dr. and Mrs. O'Donnell, and promises of work to be donated. With the high cost of everything, it is easy to understand that more money is needed. It should not be difficult to raise a few more thousands, so that the work might proceed.

With the completion of the highway, and the constantly growing use of motor cars, it is to be hoped that Sonoma county will attract a just proportion of tourists. Residents of the Valley, citizens of Santa Rosa, Chamber of Commerce, Board of Supervisors, let us all do something to advertise our community. We should not overlook our opportunities in this respect. Santa Rosa is the home of our illustrious citizen, Luther Burbank. May he live long and gloriously! There, too, is the fine Burbank residence and beautiful grounds, with the Burbank experimental gardens near by. Truly attractions we all feel proud of. We believe that all will agree that it is eminently fitting and right that Glen Ellen should have the Jack London Memorial Library. The wonderful London ranch is already located near by, and it was the spot that the great writer selected for his home.

Have we fully understood and appreciated what he tried to do for us, as a community? We quote the following from his book "The Valley of the Moon":

"They dropped to the bottom of the canyon that seemed to penetrate to the heart of Sonoma Mountain. It was wildly beautiful. Tall redwoods lined its entire length. The air was aromatic with laurel. Wild grape vines bridged the stream from tree to tree. Oaks of many sorts were veiled in lacy Spanish moss. Ferns and brakes grew lush beside the stream that sang under maples and alders."

There, too, one finds charming allusions to trout playing in the clear streams, and glowing word-pictures of ruddy-limbed madonnas and vine-wooded manzanitas. Is it not reasonable to conclude that descriptions like the above should reverberate in the thoughts of vacationist, tourist and home-seeker alike, and impel many to steer their Ford or limousine into Sonoma county? Read the book again; borrow it from the library (if you are fortunate enough to find a copy in). Undoubtedly you will deem it a privilege to join in honoring and perpetuating the memory of the author. Also, a library is a very valuable asset to any community.

So, we appeal to your civic pride and patriotism, your understanding of commercial advantages likely to be discussed. Also, time when to begin acceue from this form of advertising, and many other items of vital interest in this matter. To this great genius who did so much to make Sonoma county's sunny slopes and valleys famous all over the world.

Miss Meta Stofen came up on the auto bus Saturday evening, and was the guest of her mother here over Sunday.

Miss Eugene Froment is visiting her sister and her new little niece in San Francisco this week.

WRITE TO CONGRESSMAN LEA FOR SEEDS

Congressman C. F. Lea advises the Index-Tribune from Washington that he will be glad to send, free, vegetable seeds to those who will write to him, also Farmers' Bulletins on everything, from grain growing to unfertilized grape juice and how to make it.

Congressman Lea writes as follows: "The high cost of living still makes it desirable to encourage production and economy by home gardening. I have a supply of vegetable seeds for free distribution. In order to avoid waste and to get them in the hands of those who will use them, I send such seeds only on request. Each package contains five varieties. Requests for special kinds cannot be supplied, as the government has only a standard assortment."

"I still have a limited number of Agricultural Year Books for 1910, 1917 and 1918, which will be furnished free as long as the supply lasts. If you make a request for Year Books, indicate the year you desire."

"These things are provided for you if you want them. I will be pleased to receive your request for any of them and have it taken care of. Use a post card; write your name and address plainly, and send your request to Clarence F. Lea, M. C., Room 235, H. O. B., Washington, D. C."

GRADUATES FROM PRACTIPEDIC SCHOOL

Charles La Torres of the Sonoma Valley shoe store recently graduated from the American School of Practipedics, of Chicago, and is now busily engaged in giving relief from all forms of foot discomfort to the patrons of that store.

The science of practipedics consists of using the most advanced methods of shoe fitting in conjunction with the scientific adapting to individual needs of the corrective devices invented by Dr. Wm. M. Scholl, foot authority. All sorts of foot troubles may thus be overcome and complete foot comfort gained.

This free service will be a regular feature of this store from now on. As Mr. La Torres says, "We will not only fit feet, but will make feet fit."

VISITORS FROM OREGON

Mr. and Mrs. James E. Grieve of Prospect, Oregon, accompanied by their son Hester, motored down from the north this week, and have been visiting their relatives, Mrs. Stieckel and son, at El Verano. Mr. and Mrs. Grieve keep a famous hotel, which is a half-way stop on the way to Crater Lake. They enjoy a fine trade, and are well known to the travelling public for their excellent table. The visitors will go to Lakport before leaving for Oregon, and will be accompanied by Mr. Grieve's sister, Mrs. Stieckel, who formerly resided there.

FORMER RESIDENTS BUY PROPERTY NEAR VALLEJO

Mr. and Mrs. Ed Johannsen were in town Tuesday, and are to move from Napa, where the home they rented was sold, and will go to Vallejo to reside permanently. They have purchased a fine ten-acre place about a mile from the navy yard town.

Mrs. Johannsen says that houses cannot be had to rent in either Napa or Vallejo, so they were compelled to buy. No property compares in price to the reasonable figure asked for Sonoma Valley realty, so the Johannsens found, in looking about for a purchase.

F. W. COOKE ENTERS EMPLOY INDEX-TRIBUNE

The Healdsburg Enterprise says F. W. Cooke, former proprietor of the Tribune, has taken a connection with the Sonoma Index-Tribune, to serve during the absence of Editor Walter Murphy, who has taken up government land in Mendocino county. Whether Mr. Cooke will feel he is in congenial newspaper atmosphere remains to be seen, as the Index-Tribune has been of an extremely wet nature in the past.

Yes, Mr. Cooke, an old friend of the family which has long had the Index-Tribune, is a valued acquisition of this newspaper. Mr. Walter Murphy is not in Mendocino county, as above stated, but is taking care of the outside work in his growing newspaper field, a change which will be very beneficial to him.

While Mr. Cooke is with the Index only temporarily, we only wish we could keep him indefinitely. The Index-Tribune, always strictly up to date, believes in keeping abreast of the times, and we feel that Mr. Cooke is of greater value than ever since the 16th of January.

NOVEL WEDDING WAS CAROLINE JOHNSON'S

One of the cleverest tricks that Dan Cupid was ever known to play in this community took place Sunday night at the home of Mrs. Mollie Johnson, on Winslow street. Tentative plans had been made for a wedding, but the interested parties were to slip off to San Francisco and "wire home" they were married, as is a custom often followed. In this case, however, no such arrangement was to be tolerated by the mother of the bride, and so it happened that Miss Caroline Johnson, the handsome and much beloved daughter of Mrs. Mollie Johnson, and Earl Cayin, son of Mrs. William Craig, and a most popular employee of the C. and H. company, planned to go to San Francisco Monday and be married, not caring for a large wedding, each having so many friends that it would be difficult to invite them all to witness the ceremony. So it was that Mrs. Johnson laid plans to have them married at home, unbeknown to them. A family dinner was arranged for Sunday evening, and Judge Standish was summoned to be present after dinner. He arrived, and found the young people having a gay time with music and laughter. The moment he appeared on the scene there was a great commotion, but all doors were guarded, for the entire family was in on the secret. Indeed, there was not much hesitancy on the part of the happy pair. The genial judge read the words that made them man and wife, and Sam Johnson gave his sister into the keeping of Mr. Cayin. Mr. and Mrs. Harry Jungblom attended the couple. The bride flowers were at hand, the grips had been carefully packed, and not a thing was forgotten to make the honeymoon trip all that it should be. After refreshments had been served, all made the trip to the S. P. depot for the 10:20 train to San Francisco, and Mr. and Mrs. Cayin were showered with rice and blessings. They have gone to Nevada on a week's honeymoon trip. They will visit the groom's grandmother at Florence and friends at Sparks.

Mrs. Cayin was born and raised in Valona, and her blossoming into beautiful womanhood has been watched with interest by her scores of friends. Mr. Cayin spent some time in the service of Uncle Sam, and is a most worthy and likable young man. The happy pair will return home to a newly-furnished apartment, a cozy nest, just big enough for two. The Signal extends best wishes to Mr. and Mrs. Cayin, and hopes their matrimonial voyage will have in store for them only pleasant ripples, with no tempests.—Crockett Signal.

The final account and petition for distribution of the money and assets of the Matilda Martini estate was filed Saturday in the Superior Court by Peter Boecoli, a son of the deceased. He is to inherit property in Sonoma City as his share of the estate under the will, and a sister, Mary Castagnasso, is to receive \$600 under the will.

SONOMA IS TO HAVE CITY ELECTION

Sonoma will have a city election in April, and will name two trustees, a city clerk and city treasurer.

The outgoing trustees are George Breitenbach and Fred Balotti, both of whom will probably be candidates for re-election, as will also City Clerk Gottenberg and William Cleve, city treasurer. The latter offices will be for a four-year term instead of two, as at the last election. So far few hats are in the ring, but some good election weather may set the bees to buzzing later in various political bonnets.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.
